This article may rely excessively on sources too closely associated with the subject, potentially preventing the article from being verifiable and neutral. Please help improve it by replacing them with more appropriate citations to reliable, independent, third-party sources. (October 2018) (Learn how and when to remove this template message) Cultural anthropology is a branch of anthropology focused on the study of cultural variation among humans. It is in contrast to social anthropology, which perceives cultural variation as a subset of the anthropological constant.. Cultural anthropology has a rich methodology, including participant observation (often called fieldwork because it requires the anthropologist spending an extended ...Dr. Allen gives workshops and teaches courses in multivariate statistics, analytics & data visualization, and evidence synthesis. Her doctorate in statistics is from Cornell University and she is a fellow of the American Statistical Association.Password requirements: 6 to 30 characters long; ASCII characters only (characters found on a standard US keyboard); must contain at least 4 different symbols;
