Dan Bucatinsky doesn't know everything about being a parent. Frankly, he knows about as much as I do. But that's because Dan, like me, is a gay dad, raising two kids with his husband (yes, we use that term, legal or not, so lump it). "Does This Baby Make Me Look Straight?" is a comic memoir of two men's journey to fatherhood. Dan Bucatinsky doesn't know everything about being a parent. Frankly, he knows about as much as I do. But that's because Dan, like me, is a gay dad, raising two kids with his husband (yes, we use that term, legal or not, so lump it). "Does This Baby Make Me Look Straight?" is a comic memoir of two men's journey to fatherhood. Filled with humor, and plenty of amusing and heartwarming anecdotes alike, this was a terrific listen. I've been a fan of Dan Bucatinsky for a while (still mad about Scandal - James Novak was a favored character! ?) and Does This Baby Make Me Look Straight?: Confessions of a Gay Dad was simply delightful and absolutely made better by Bucatinsky narrating it personally. Does This Baby Make Me Look Straight? Confessions of a Gay Dad I always pick up these gay-dad memoirs when I hear of them, because they are always rewarding. The level of reward depends entirely on the skill of the writer, and Bucatinsky is an especially gifted comic writer.
