

# Download Medical Record Volume 28

An electronic health record (EHR), or electronic medical record (EMR), is the systematized collection of patient and population electronically-stored health information in a digital format. These records can be shared across different health care settings. Records are shared through network-connected, enterprise-wide information systems or other information networks and exchanges.

A. Results of the Medical Examination. The physician must annotate the results of the examination on the following forms: Panel Physicians. Panel physicians must annotate the results of the medical examination on the Medical Examination for Immigrant or Refugee Applicant (1991 TB Technical Instructions) (Form DS-2053) or the Medical Examination for Immigrant or Refugee Applicant (2007 TB ...Recent Posts.
