

Download Wastewater Collection System Study Guide

This series of six video chapters, each about 30 minutes long, is contained on a single DVD. The series will enhance the training of new and experienced collection system operators for the safe operation and maintenance of both sanitary and combined sewer systems. Wastewater operator certification. A "certified operator" is an individual who has met the requirements of Chapter NR 114, Wisconsin Administrative Code [Exit DNR], and has been issued a certificate by the DNR to operate one or more of the classifications of wastewater treatment plants. NR114 was revised on July 1, 2015 to reflect advancements in treatment technologies along with changes in ...FALL 2018/SPRING 2019 WATER/WASTEWATER OPERATORS COURSES Introduction to Water/Wastewater Course for T1, W1, S1, C1 Advanced Water Course for T2, W2 WEF/ABC/C 2 EP Collection Systems Operators' Guide to Preparing for the Certification Examination was prepared jointly by the Water Environment Federation, the Association of Boards of Certification, and the Certification Commission for Environmental Professionals (C 2 EP).
